Who we are

We do the choosing for you.

Zasco Home is a home-textile store for bedding, towels and bath. We choose cotton from export-grade mills, check it, and sell it at a fair price.

We are a retailer, not a manufacturer. We never say Zasco makes, weaves or manufactures anything. We choose, check and sell.

BRAND PROMISE	The best of the mills, chosen for your home.
TAGLINE	Well chosen. Well made.
POSITIONING	For home-proud families in the US who want hotel-quality cotton without the hotel markup, Zasco Home is the store that does the choosing: we vet export-grade mills, test the fabric and publish the real specs. You get better cotton, honest details and a fair price.
MARKET	United States only. Prices in USD, US sizes (Twin to Cal King), inches and °F, US English.

Four pillars

Everything we say comes back to these.

01

Selection

We vet export-grade mills and pick the best of what they make. The edit is the product.

02

Substance

Real specs on every product: GSM, thread count, weave, fiber, origin, care. Measured, not guessed.

03

Softness

Hotel-soft cotton that feels right on day one and gets better with every wash.

04

Safe to buy

Free shipping over $75, 30-night returns and a clear delivery date before you pay.

Who we talk to

The Considered Nester

28 to 45, setting up a first home or upgrading the one they have. They compare Parachute, Brooklinen and Amazon before they buy.

They read the fiber content. They want to know what “hotel quality” actually means. They will pay a fair price for the real thing, and they leave when a brand hides the details.

How we sound

A friend who works in textiles.

Warm	not sentimental
Grounded	not rustic
Precise	not technical
Unfussy	not plain

The logo

A ribbon folded into a Z, with the ZASCO HOME wordmark.

Horizontal lockup · website header and anywhere space is wide

Stacked lockup · the original artwork layout, for packaging and print

Always use the supplied artwork. Never redraw, retype or rearrange the logo. The vector files were traced from the original artwork; a designer should still redraw clean masters before large-format print.

Color versions

Two versions. Pick the one that matches the background.

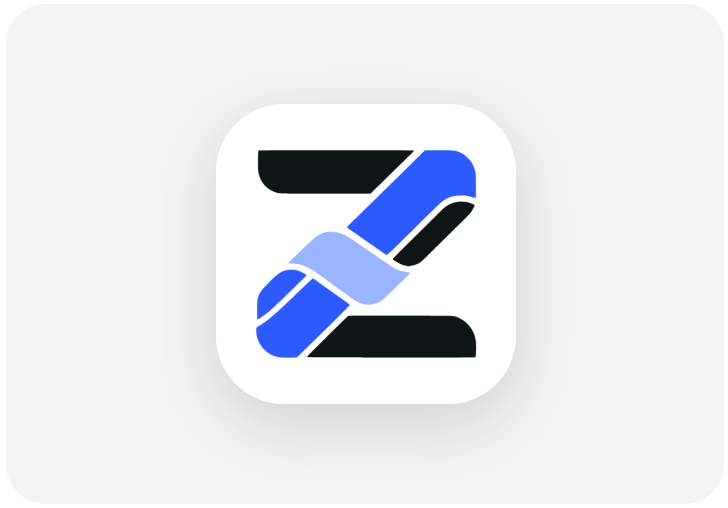

On Cobalt · primary

- Wordmark and Z bars: White
- Diagonal ribbon: Ink #111418
- Ribbon fold: Cobalt Light #A0B4FF

On White

- Wordmark and Z bars: Ink #111418
- Diagonal ribbon: Cobalt #2F5BFF
- Ribbon fold: #9FB4FF

Mark only · app icon and favicon

Use the ribbon Z on its own only when the full lockup will not fit: favicons, app icons, social avatars.

Clear space and size

Give it room.

Keep clear space of at least **x = ¼ of the mark's height** on every side. Nothing else goes inside it.

Lockup minimum
120 px wide on screen · 32 mm in print

Mark minimum
24 px on screen · 8 mm in print

Don't

✕ Stretch or squash it

✕ Recolor it outside the palette

✕ Add shadows, glows or outlines

✕ Rotate or tilt it

✕ Place it on busy photos

✕ Use the cobalt version on light colors

Core palette

Cobalt is the page.

The whole site sits on Cobalt. White and Ink do the reading. Cobalt tints and Focus Yellow support, never lead.

Balance

Mostly cobalt. One color means “buy”.

An approximate share across the website. Accents (last 6%) appear in ribbons, category tiles and badges.

- **On Cobalt, the buy button is White** with Ink text, so it is the brightest thing on the page.
- **On White panels** (menu, bag), the buy button is Cobalt with White text.
- **Photos sit on their own panels** with rounded corners. Never tint product photos blue.

Fabric Facts		Hotel Bath Towel Set
Weight **600 GSM**	Fiber **100% cotton**	Weave **Zero-twist terry**
Size **27.5 × 55 in**	Origin **Imported**	Care **Warm wash · tumble low**

Every product gets a Fabric Facts card with an Ink header: weight, fiber, weave, size, origin and care. US textile rules require a country-of-origin line (for example “Made in Pakistan” or “Imported”). Confirm the wording before launch.

Our standard

What we check before anything is listed.

<3% Shrinkage after wash	**OEKO** Certificate on file, when the mill holds one	**×3** Washed before listing	**1:1** Sample matches bulk

Only claim a certificate the mill actually holds for that product. If we have not tested it, we do not say it.

Voice rules

Numbers over adjectives. Short sentences. Plain buttons.

- **Lead with the spec.** “400 thread-count percale” beats “luxuriously soft”.
- **Name the feeling, once.** Hotel-soft. Then prove it.
- **Say what we do:** choose, check, sell. Never make, weave or manufacture.
- **US English:** color, gray, fiber. Sizes Twin to Cal King. Inches and °F.
- **Hold the price.** Sets and bundles, not percent-off.
